Accessibility Statement

Hardeman County Memorial Hospital is committed to ensuring that our website is accessible to everyone, including people with disabilities. We believe all members of our community should be able to access health information and hospital services online with ease.

Our Commitment

We are actively working to meet the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA — the recognized standard for website accessibility. These guidelines explain how to make web content more accessible for people with a wide range of disabilities, including visual, auditory, motor, and cognitive impairments.

Measures We Take

- Text that meets contrast standards for readability
- Descriptive alternative text for images
- Clear page structure with proper headings for screen readers
- Keyboard-friendly navigation
- Labeled forms and named frames and maps
- Ongoing reviews as we update and add content

Third-Party Content

Some pages include content from third-party providers (such as our Patient Portal, Price Transparency tool, and embedded maps). While we encourage our vendors to provide accessible tools, we do not control the accessibility of third-party content.

Need Help or Found an Issue?

If you have difficulty accessing any part of this website, or if you would like to report an accessibility issue, please contact us and we will work with you to provide the information you need:

- Phone: (940) 663-2795
- Email: info@hcmhosp.com
- Mail: Hardeman County Memorial Hospital, 402 Mercer Street, Quanah, TX 79252

We welcome your feedback and take accessibility concerns seriously.
